

ITA – CET Launching Torino – 20 May 2008

Press release

The International Tunnelling and Underground Space Association (ITA-AITES) created a new Committee, the Committee for Education and Training (ITA-CET) and the launching seminar was organized by the Politecnico of Torino on Tuesday 20 May according to the enclosed programme (encl.1)

The presentations made at this occasion can be downloading from the ITA Website (www.ita-aites.org)

The context and the concept of the Committee were unanimously accepted by the participants and the work can immediately start, first of all by confirming the previous membership policy.

The interested institutions can become members in filling the enclosed adhesion form and in sending back to ITA (encl.2); please contact the President Andre ASSIS or the Secretary General Claude BERENGUIER (secretariat@ita-aites.org) if you have any difficulty in answering to all the conditions for membership

We will keep informed the members about the details of the coming actions of the committee:

- The next meeting will be organized during WTC 2008 in Agra (India) on Sunday 21 September afternoon
- The next working seminar is already under preparation; it will be held in Europe in the fall of 2008
